Hi All-

(b) (7)(E), (b)(5) attorney-client

(b) (7)(E), (b)(5) attorney-client e did a preliminary PRP search, a contractor did a full PRP search, and we sent out 104e's to the PRPs. After reviewing all of this, I have this very brief summary: Odessa Union Warehouse Co-op – owner for 1 day prior to biodiesel facility being constructed, (b)(5) attorney-client

Odessa Public Development Authority – current owner (b)(5) attorney-client and did not have insurance on the property when leased to the operators

Inland Empire Oilseeds – operator that likely caused some of the release; went bankrupt in 2012; (b) (7)(E), (b)(5) attorney-client, (b)(5) attorney-client

Transmessis – operator that caused the release; insurance was cancelled and the company was dissolved

(b) (7)(E), (b)(5) attorney-client

I will then hand it off to you all for comments, and ask that Maureen complete any final needed edits and circulate it for concurrence before the expiration of the SOL.

Thanks,

Kris
